

**Central Utah Water Conservancy District
Water Conservation Grant Application**

Project Name	
Applicant	
Contact (person & phone)	
Address	
City, Zip Code	

	Explanation, records needed, etc.	Approval (CUWCD use only)
Source of water	Must be municipal secondary or culinary water supply	
System description	Describe current irrigation system and equipment, age, state of operation, etc.	
Water use records:	Please attach records of 1 year's water use or 1 irrigation season's water use (if outdoor use is metered separately, please indicate)	
Water audit	Performed by: Date: Slow the Flow Water Checks performed through the USU Extension Service are adequate for this purpose. (not necessary for previously completed or new projects)	

<p>Potential for improvement:</p>	<p>Number of acres to be irrigated:</p> <p>Water audit's assessment of current efficiency (DU, PR, etc.)</p> <p>Percent of water use reduction expected:</p>	
<p>Type of improvement(s) chosen:</p>		
<p>Cost of improvement and grant requested:</p>	<p>Determined by quotes or receipts for equipment. Please also indicate in-kind contributions (in-house or donated labor, etc.)</p> <p>Cost:</p> <p>Grant amount requested (\$5,000.00 maximum):</p>	
<p>For CUWCD Use Only</p> <p>Estimated Cost/Benefit:</p>		
<p>Educational value:</p>	<p>opportunity for District advertising, plaque, sign, etc., and/or evaluation of conservation strategy, opportunity to recommend similar projects to others, willingness of participant to share results with others, opportunity to educate public and neighbors (attach sheet if necessary).</p>	
<p>Schedule:</p>	<p>Estimated date of installation:</p>	

Requirements:

Applicants must submit documents within 1 year before or after improvement is to be accomplished. Potential grantees not using metered culinary water may be asked to install meters (possibly at District's expense). Approved grants not claimed within the fiscal year after approval (date to be included in "Agreement for Contribution of Funds") will revert to CUWCD, and complete process must be repeated.

Process:

Applications will be reviewed and eligibility determined by the CUWCD Grant Committee within one month of submission.

Multiple applications from a single applicant during a fiscal year will be considered and scored; however, after the first grant approval, succeeding applications will be deferred until May and funded only if grant funds remain in that year's budget.

Upon Grant Committee approval, applicants will be notified and will be given an "Agreement for Contribution of Funds" for signature. After the Agreement is in place, applicant is to submit an invoice to CUWCD, accompanied by appropriate receipts for equipment and/or materials, and payment will be made. The Agreement for Contribution of Funds includes the granting of permission to CUWCD for examination of water use records for ongoing determination of the project's cost/benefit and success.
