

CENTRAL UTAH WATER
CONSERVANCY DISTRICT

JOB DESCRIPTION

Revised January 2021

JOB TITLE: Landscape Specialist

REPORTS TO: Conservation Education Director

STATUS: Non-Exempt

JOB SUMMARY:

This seasonal position is responsible for maintaining the overall appearance and condition of the planting beds of various District properties as well as providing assistance for workshops, classes, festivals, informational booths, etc.

EDUCATION/EXPERIENCE/LICENSE/CERTIFICATION:

Academic background and/or experience in Horticulture, Landscape Management, Plant Science, or related field.

Valid driver's license required.

WAGE/BENEFITS: \$13.00-\$17.00 per hour

HOURS: Part-time or full-time position available from spring to fall. Some evenings and Saturdays may be required.

ESSENTIAL FUNCTIONS:

1. Provides care for plant material on multiple District properties through routine pruning, deadheading, mulching, weed management, disease and pest prevention and control, etc., as instructed by the Conservation Education Director.
2. Transplants, plants, and divides various plant species according to needs and specifications given by the Conservation Education Director

3. Makes simple adjustments and repairs to drip irrigation and sprinkler systems.
4. Helps organize, set up, carry out, and take down for District events and classes.
5. Conveys information to the public about water conservation and water-efficient landscape principles according to training from the District; refers the public to other conservation materials and programs.
6. Occasionally teaches water conservation principles to classes and groups.

MARGINAL FUNCTIONS:

1. Performs other related duties as assigned.

REQUIREMENTS:

Ability to apply basic understanding of gardening techniques, water-efficient plant species and landscape water conservation.

Ability to apply basic knowledge of horticulture principles, plant identification skills and irrigation design (emphasis on water-efficient landscaping practices) in the maintenance and communication of conservation programs and activities.

Ability to courteously deal with staff, the public and others in answering questions and assisting with events and educational classes.

Ability to apply basic conservation methods and techniques.

Ability to communicate with others and develop group and/or personalized instruction adapted to the comprehension of event and class participants.

Ability to develop and maintain effective working relationships with employees, the public and other private and public sector organizations.

Ability to work at least 16 hours per week or more per week (determined in hiring process); to be punctual; to work some evenings and weekends.

Ability to effectively work alone for long periods of time.

Ability to lift 1-50 pounds regularly and to lift up to 100 pounds occasionally

Ability to operate small equipment in the care of the landscapes, to mow small areas of turf, trim, etc.

Ability to stoop, bend, turn at the waist to perform various garden duties such as weeding, pruning, planting, sweeping, etc.

Ability to identify and distinguish colors; to exercise vision clarity at 20 feet or more and 20 inches or less.

Ability to frequently work in warm temperatures outside during the summer months; to routinely be subject to temperatures above 90 degrees and periodically to temperatures above 100 degrees.

PRE-EMPLOYMENT TESTS:

A pre-employment drug screen, physical examination and criminal background check are required.

SELECTION:

A CUWCD selection committee will select the final candidate based on the interview and the above test results.

APPLICATIONS:

Employment application forms can be found at <https://cuwcd.com/business.htm>. Application forms must be filled out online.
