Orem, UT84097

REQUEST FOR PROPOSALS
ADDENDUM 1

This is Addendum 1 of the Request for Proposals (RFP) for Modeling Services. All questions relating to this Addendum shall be directed to Bart Leeflang, Colorado River Program Manager, (801) 226-7141 or bart@cuwcd.com. This Addendum contains two changes, first, clarification regarding subcontracting as indicated in the mandatory information meeting held at 1:00 p.m., October, 22, 2020, and second is a schedule modification.

SUBCONTRACTING

The primary effort in performing Work described under the RFP is modeling. The District intends to contract with a Consulting firm that performs the majority of the required modeling services “in-house”. The District acknowledges some subcontracting may be necessary; however, at least 75 percent of the work must be completed by the consulting firm submitting proposals.

SCHEDULE

The schedule for this project is shown below and the dates of the notification or short-listing and oral presentations. **Schedule revisions related to this Addendum are shown in RED.**
